Cole Receives Business Award

GRAYSLAKE – State Representative Sandy Cole (R-Grayslake) has been awarded the Guardian of Small Business Award by the National Federation of Independent Business (NFIB). Cole was presented with the award at a small business legislative meeting recently hosted by members of the NFIB’s Lake Area Action Council.

“State legislative voting records show that Representative Cole stood strong on the key small-business issues in the General Assembly,” said NFIB Illinois Assistant State Director, Mark Grant. “This award shows our members’ appreciation for her support of a pro-growth agenda for small business in Illinois.”

The NFIB is the nation’s leading small business association. Its mission is to promote and protect the right of small business owners to own and operate their businesses.
